

The Buddha's Smile

May the smile of the Buddha be mine too
for the smile is the smile of peace
for that smile is the smile of understanding

May the smile of the Buddha be mine too
for that smile is the smile of wisdom
for the smile is the smile of the effulgent mind
May the smile of the Buddha be mine too
for that smile is the smile of compassion
for that smile is the smile of love and oneness

May the smile of the Buddha be mine too
for the smile is the smile of completion
for that smile is the smile of the fruition of right
effort
May the smile of the Buddha be mine too
for it is the smile of clarity and perfection

*May all beings, may all life be inspired by that smile
may all beings, may all life aspire for that smile of
the Buddha*
